## OLD BUSINESS

- **Continue MCT Constitution - Education Discussion Session Leader: Wayne Dupuis**
  - We will bring this up with Wayne.
  - It was suggested that we look at Article XV.
- **Discussion** June or August, 2-4 days - Forum to educate on Constitution reform. Descendent Day, shakey tent, evening powwow, panel presentations on constitution reform subjects, Community Soup, Oneida Nation, Red Lake, Youth Poster Display.
  - Community members thought this was a great idea.
  - John suggested that a sub-committee be set up
  - Community encouraged to volunteer.
- **Radio interviews - WGZS**
  - This is a great opportunity to get information out to the community. Three or four delegates will answer questions.
  - Community was asked to submit questions they may have.

## NEW BUSINESS

- **Review** March 21, 2022, Convention meeting. Project Plan.
  - We will need to edit the earlier comments submitted on the project plan and add additional ideas.
  - There was a clear indication from the audience that they were interested in the three Models that were presented, but commented that more tradition, history, and culture need to be added.
- **Announcement:** Cheryl E. announced that the FDL delegates now have a phone number and voice mail, so the community can call and leave questions.
- **Discussion of the 4/25/22 Censure Hearing:**
  - The hearing presented as a first-hand learning experience.
  - It represents how important it is to have clear and non-conflicting documents that are written in the same language.
  - It demonstrated how the community was left out because everything was handled in-house.
  - Too many holes unaddressed.
  - Hearings are run "very loosely", such as testimony from witnesses, level of proof needed, etc.

**NEXT MEETING DATE: 5/9/22**
