OLD BUSINESS

1. Revisit referendum Wording
2. Delegate invitations - Invite more community to join us as delegates. Wording on invitation needed.

NEW BUSINESS

1. I would like to propose that we use the Bemidji State "Timeline of Indian History" as a beginning point for further education of our Nation. The events detailed show exactly when and how the sovereignty of our Nation was compromised. There are historical events vitally important for each of us to know. History shows the misunderstandings. We can now fill in many of the blanks in why. We need to implement this as a group activity.

2. Conspiracy Theories. Jefferson letter. Evidence of a crime!
